

Three Leagues File List of Eligible Players With Secretary of Amateur Commission

BOB THAYER'S Sporting Gossip

"Every Knock Is a Boost."

Blow to Business High.

If Business High School is forced to go into the championship game with Central tomorrow without the services of Burley, the Stenographer's best pitcher, chances of victory will be greatly reduced.

While Business is not favored by the presence of many stars, the average of the players is good, and with Burley in form it was hoped to spring a little surprise by slipping one over on the other teams that have left the Orange and Blue completely out of the reckoning.

Blanks are out.

Entry blanks for the Aloysius Club's meet at Gonzaga Park next month were distributed today by Manager Richard M. Powers. Athletes who intend participating may obtain the papers at the sporting goods stores.

Work has already been started on the cinder track, which will be five laps to the mile, and it is expected that the park will be in excellent condition for the games.

Virginia happy.

College Topics, the University of Virginia bi-weekly, reached me this morning with an account of the Georgetown game.

The story starts off with "15 to 0; avenged." As much as Georgetown would have liked to win that game last Monday the defeat did not take all of the joy of a certain event at Georgetown Field the second Saturday of last November.

But, at that, everything points to a mighty merry afternoon next Monday, when the old rivalry meet.

Wolgaist victory.

Never since Ad Wolgaist won his lightweight title has he made a better showing than last night, when he disposed of "One-Round" Hogan in about seven minutes.

For a long time it has been believed that Wolgaist was the least impressive champion of all those who hold pugilistic titles, but before the New York crowd Wolgaist not only showed that he is a good boxer, but that he possesses a punch that should keep future opponents away from him.

Wolgaist today looks more like a champion than at any time since he won his title.

Frank Chance out.

The hard luck of the Chicago Cubs appears to be starting earlier than usual this season.

When Frank Chance sprained his ankle in sliding into the home plate at Cincinnati yesterday the club lost its most valuable asset. How long Chance will be out is unknown at this time, but if he is forced to remain out of the game for a long period the Cubs are likely to lose some mighty valuable ground in the race for the pennant in the National League.

Pimlico Track Presents Appearance of Activity

BALTIMORE, April 27.—Fast work is now the order at Pimlico and the track presents a lively appearance.

Yesterday was the first real springlike day of the season, and with the track in excellent condition trainers welcome the opportunity to send their charges along in the work that had been much neglected. The speed shown during the training hours was ample evidence that the horses will be ready when the meeting which opens Saturday.

Many Errors Is Cause Of Catholics' Defeat

Six errors are blamed by the students of Catholic University for the defeat of their team at the hands of A. and M. yesterday at Brookland by the score of 8 to 4.

Spectators are unanimous in saying that Catholic University was away off form, and put up a weird game in the field. Even at the bat, where the Brooklanders have been shining in most games, the team fell down.

Southern Club Smoker.

The Southern Athletic Club will hold a smoker this evening at the clubrooms, 908-810 Pennsylvania avenue. Kid Egan has arranged a good boxing card and wrestling bouts as a means of entertainment for the members.

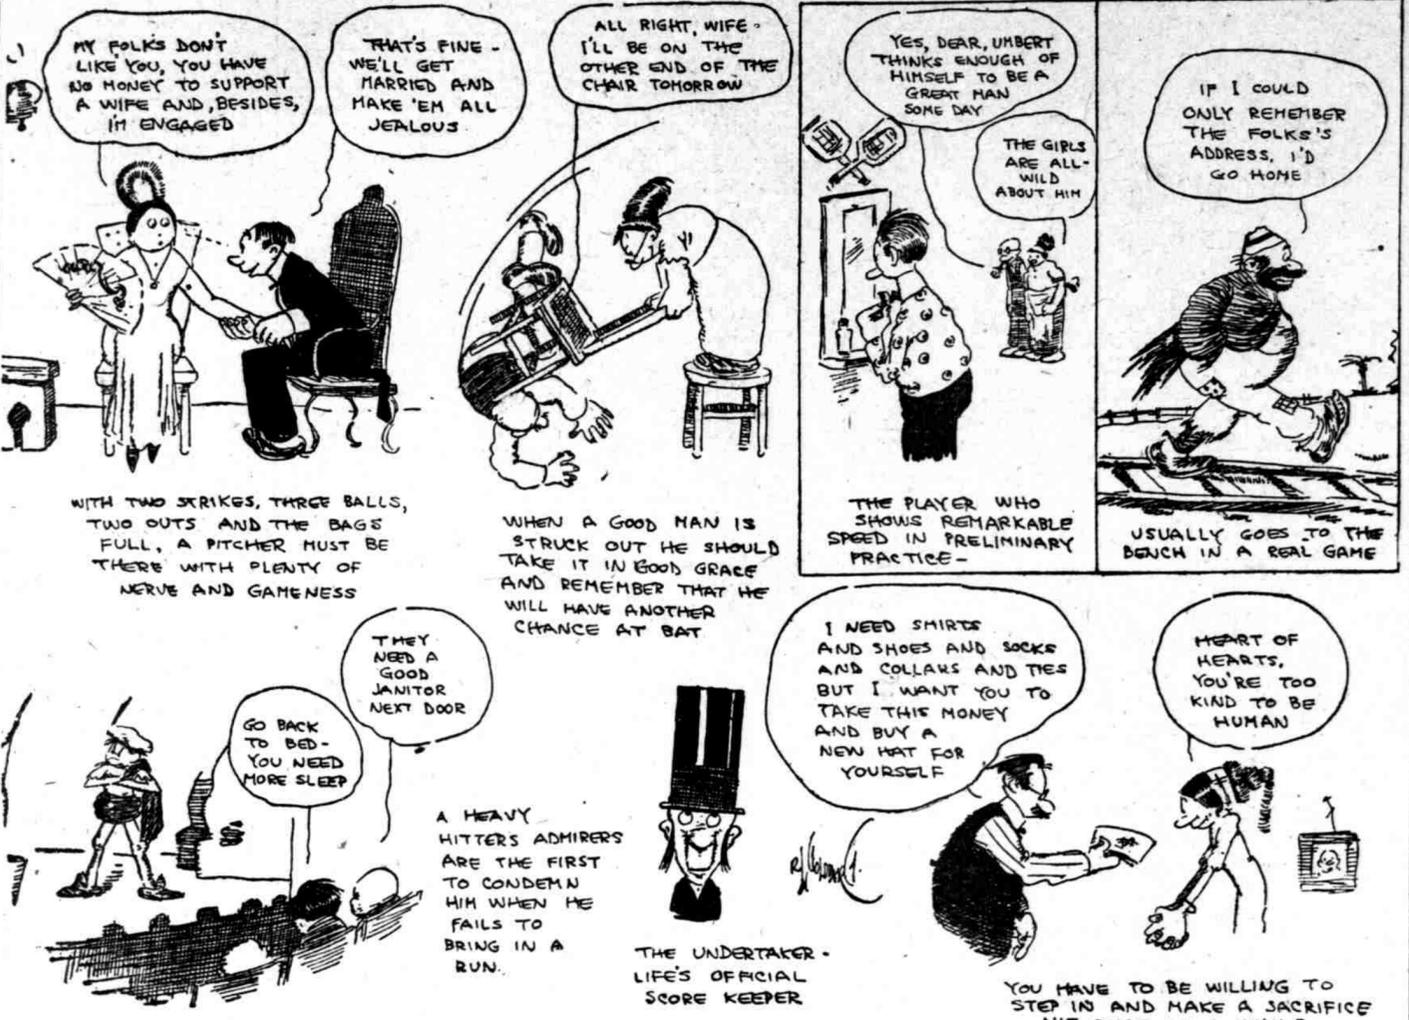

Dates in Conflict.

A meeting of the faculty athletic directors of the high schools has been called for late this afternoon to decide where the Business-Central game will be played tomorrow. There is a college game at Georgetown Field, and as the work of improvement makes National Park out of the question the directors must find some other place.

GEORGETOWN STILL DAZZLED BY WORK OF NORTH CAROLINA

Three to Nothing Defeat Due to Cleverness in the Field.

The great work of the North Carolina infield in yesterday's game against Georgetown, at the Georgetown Field, is still being talked of by those who saw the game. The score was 3 to 0 in favor of the visitors.

Time and again the Hilltoppers took desperate chances to land on the bags or to advance a runner, only to have their possibilities killed by clever fielding. Lindsey at short was the particular star, his quick throws to first killing off many a Georgetown runner.

The game was a battle royal between Pitcher Dave White, of the Blue and Gray, and Lee, whose great work in the box caused Virginia to bow to the Tar Heels in the championship series this year. Lee came off the victor, although the hits were about even. White was strong in every inning but the seventh and ninth, when the runs were scored.

CAPITAL RUNNERS TRY OUT FOR BIG MID-WAY MARATHON

Roads Found in Good Condition, as Well as Limbs.

About fifty long distance runners of Washington have availed themselves of an excellent opportunity to get in some good practice for the Times-News Intercity Marathon race from Laurel to this city on May 13.

Potomac Park and the roads about the Soldiers' Home appear to be the most popular working grounds for the athletes, although quite a number used Conduit road and stretches in the vicinity of Anacostia.

According to reports the runners have not found it too hot in the late evenings, and all are counting upon getting in excellent work from now until a couple of days before the race, when hard trips will be stopped.

Among the spectators was Vice President Sherman who came with Dr. Adams, of the Georgetown faculty.

Following is the score by innings:

The Mt. Pleasant Bowling team is in proud possession today of two handsome prizes as a result of winning the championship of the Sunday School Bowling League. The Times Cup, which becomes the permanent property of the team earning three legs on it, and the league championship banner, were awarded the winner last night at an entertainment prepared for the bowlers and their friends at the Mt. Pleasant Congregational Church, Fourteenth and Columbia roads.

The members of the winning team, W. E. Buell, W. M. Baldwin, R. N. Caldwell, J. S. Goodman, C. S. Grindle, and W. D. Williamson, were presented with the gold medals offered by Superintendent Norton M. Little, of the Mt. Pleasant Sunday school.

Buell won the silver job for finishing third. J. E. Fowler was also presented with a pair of bowling shoes for making high set.

Cricketers Preparing For Summer Games

A meeting of the executive committee of the Washington Cricket Club was held last evening at 423 Tenth street northwest, and it was definitely decided to begin practice at the Rock Creek Park grounds on Saturday at 4:30 p. m.

D. H. Rhodes, chairman of the greens committee, stated that the old field formerly used by the club was being put in shape for next season, when it is expected the new "pitch" will be better than any the club has ever played on in this city. The cricket club, in the meantime, will play on the field directly north of the old grounds, and the workmen employed to prepare this temporary field at the Brightwood reservoir promise to have the green in perfect condition for playing by Saturday.

S.S.S. DRIVES OUT S.S.S. BLOOD HUMORS

The intimate relation of the skin to the blood is shown by the fact that impurities or poisons of any character are usually manifested in some form on the outer cuticle. The germs of fever in the blood will cause a flushing and redness of the skin; in like manner the uric acid of Rheumatism will cause inflammation, while malarious poison produces a sallow and chalky hue; and so with other impurities.

The skin is a real barometer to the blood, and the character of impurity infecting the circulation is determined by the effects on the outer tissue. Humors in the blood produce what we term in general, Skin Diseases. These are divided into several classes known as Eczema, Acne, Tetter, Salt Rheum, Psoriasis, Pimples, Rashes, etc., and each of these troubles indicate the presence of humors or acids in the circulation. The humors and acids by their irritating nature cause the delicate flesh just beneath the outer skin to ulcerate and discharge, and soon the skin is disfigured with eruptions which often are torturing to the sufferer because of soreness or intense itching. External treatment cannot cure an internal trouble, and for this reason, salves, washes, lotions, etc., can have no curative effect on skin diseases. Such treatment can perhaps soothe, and make the irritated flesh more comfortable, but the real cause must be removed by purifying the blood before skin trouble can be cured.

S. S. S. cures Skin Diseases of every kind by purifying the blood and removing the humors from the circulation. It neutralizes all impure acids, cools the blood, builds it up, and multiplies its rich, nutritious corpuscles. Then the skin instead of being irritated by acid impurities and humors, is nourished, soothed and softened by pure, rich blood. Book on Skin Diseases and any medical advice free. S. S. S. is for sale at drug stores. THE SWIFT SPECIFIC CO., ATLANTA, GA.

For the Finest Fabrics

If you ever tried to wash your fine laces and fabrics with ordinary yellow laundry soap, you know it's simply out of the question.

All yellow laundry soaps contain rosin, and rosin is injurious to finer fabrics.

Sunny Monday contains no rosin—that's why it is white. It also contains a wonderful dirt-starter which saves rubbing and spares your clothes.

Sunny Monday washes in hot, cold, lukewarm, hard or soft water. It's really the only safe soap for finer fabrics.

NEW YORK, April 27.—The New York sporting experts who have been crying "cheese champion" at Wolgaist kept away from their regular haunts today, while the fight talent was loud in its praise of the Michigan "wild cat."
